

# EDC Classroom Display Cart

## Supports 55 to 80 inch displays

The AVTEQ EDC mobile display cart is the perfect solution for collaborative classrooms. The EDC mobile cart supports single displays from 55 to 80 inches. The mobile cart includes two large shelves that offer ample storage space for laptops, remote controls, and other devices. The EDC mobile cart moves easily across various floor surfaces and provides teachers the flexibility to adjust the classroom for different interactive centers. The EDC mobile cart also can be shared between multiple classrooms to maximize the technology solution.

### FEATURES
