Quick Start

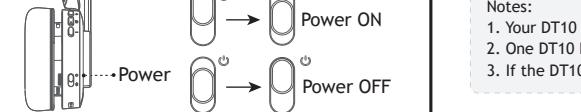

DH301D
DECT Wireless Headset

1. In the Box

2. Power ON/OFF

Push the power button down to power ON the headset, and push the power button up to power OFF the headset.

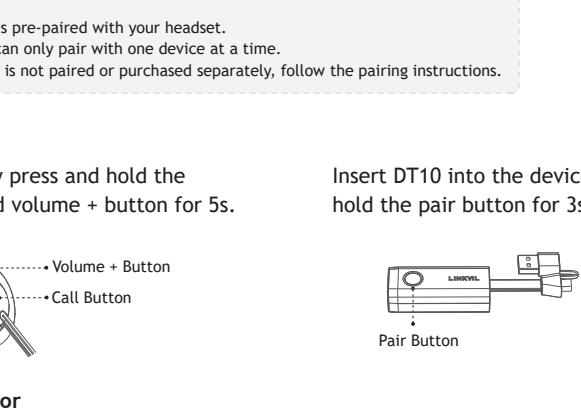

3. Pairing and Device Connection

3.1 DECT Mode

3.1.1 Connection

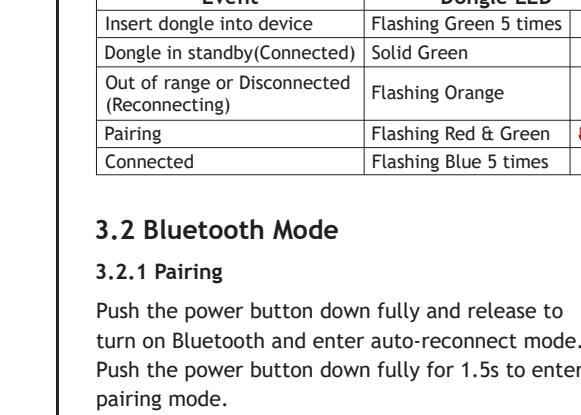

Keep the headset power ON and insert the DT10 Dongle into your device. You can connect the DT10 Dongle to the PC or IP Phone.

3.1.2 Pairing

Simultaneously press and hold the call button and volume + button for 5s.

Insert DT10 into the device and hold the pair button for 3s.

3.1.3 LED Indicator

Notes:

- Your DT10 Dongle is pre-paired with your headset.
- One DT10 Dongle can only pair with one device at a time.
- If the DT10 Dongle is not paired or purchased separately, follow the pairing instructions.

3.2 Bluetooth Mode

3.2.1 Pairing

Push the power button down firmly and release to turn on Bluetooth and enter auto-reconnect mode. Push the power button down firmly for 5s to enter pairing mode.
