

## DS-KD-ACF2 Accessory Package

- Contains Installation Frame, Cover, Screws, Connecting Lines, Etc.
- Adapts to Two-Module Surface Mount
- Aviation-Grade Aluminum Cover and Installation Frame

The DS-KD-ACF2 accessory package is designed to support two modular door station modules. Generally, customers choose to pair this accessory with a Video Intercom Module Door Station and one Card, Keypad, or Button Module.

The DS-KD-ACF2 is built with high-quality aluminum, and contains all of the necessary hardware elements for integration with other Hikvision products for custom access control solutions.
