

# DS-KD-ACF3

## Accessory Package

The DS-KD-ACF3 accessory package is designed to support three modular door station modules. Generally, customers choose to pair this accessory with a Video Intercom Module Door Station, and a combination of two Card, Keypad, or Button Modules.

The DS-KD-ACF3 is built with high-quality aluminum, and contains all of the necessary hardware elements for integration with other Hikvision products for custom access control solutions.

- Contains Installation Frame, Cover, Screws, Lines, etc.
- Adapts to Three-Module Surface Mount
- Aviation-Grade Aluminum Cover and Installation Frame
