

MeetingBar A50 Deployment & Connection

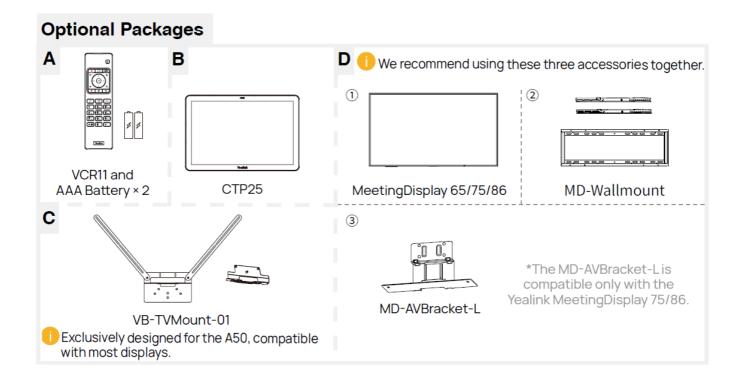

Package Contents

☆ TIP

For the MeetingBar A50 unboxing video, please refer to Video: MeetingBar A50 Unboxing.

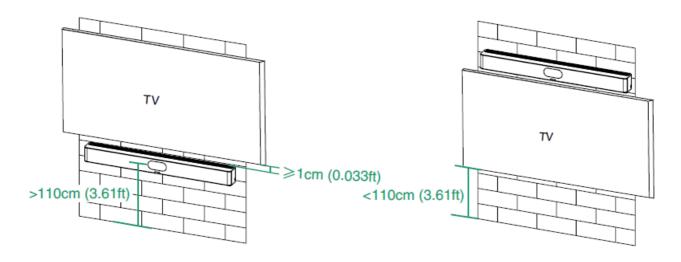

Install MeetingBar A50

Mount on a Wall

1. Determine A50 Position

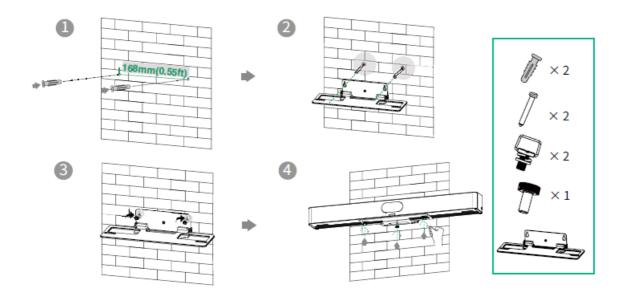

The mounting height affects your camera view. The recommended installation height is 110 cm above the ground, and the reserved distance between A50 and TV should be greater than 1 cm.

2. Mount the A50 to the Wall

• Hole depth: 30 mm (0.098ft), hole diameter: 6 mm (0.02ft)

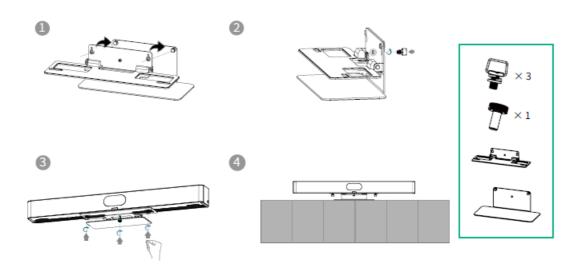

Mount on Table-Top Stand

(i) NOTE

Refer to Adjust Camera Tilt section for bracket adjustment.

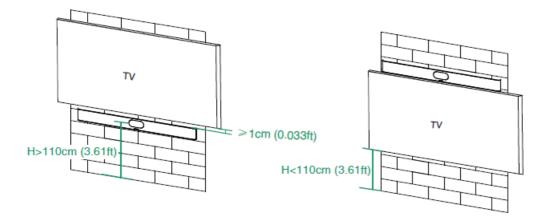

Embed in the Wall

i NOTE

- The mounting height affects your camera view. The recommended installation height is 110 cm above the ground.
- Keep the front of the A50 flush with the wall surface.
- The recommended on the left, right, and top sides of the A50 is less than 0.5 cm.
- Leave a 5 ± 0.5 cm distance between the back of the A50 and the wall surface for cable connections.

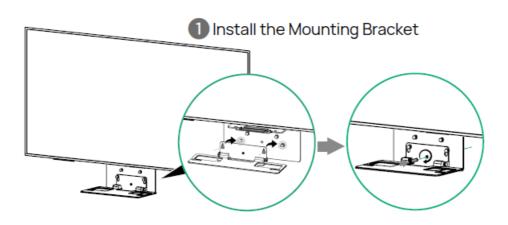

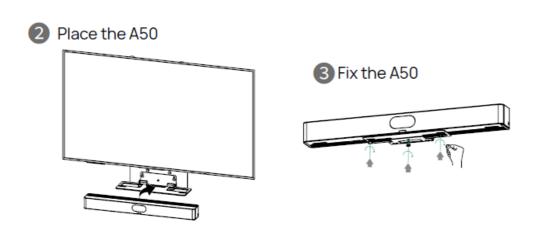

Mount on the VB-TVMount-01 (optional)

The installation method for the top and bottom is the same. The following takes the bottom installation as an example.

i NOTE

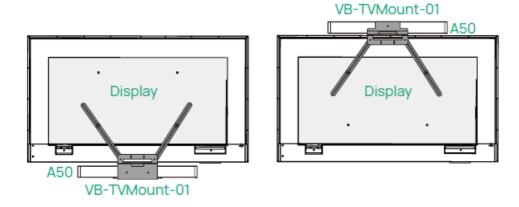

You need to purchase VB-TVMount-01. For installation, refer to VB-TVMount-01 Installation.
