

Yealink VCM36-W Pro Datasheet

Yealink VCM36-W Pro Datasheet

Introduction

The Yealink VCM36-W Pro is an innovative wireless video conferencing microphone designed to accommodate various meeting room needs. With a built-in 4-microphone array, the VCM36-W Pro offers an optimal voice pickup radius of 3 m and 360° voice pickup coverage. It features Yealink's high-quality echo cancellation technology and noise cancellation, effectively filtering out up to 90dB of ambient noise to provide a high-quality audio experience during full-duplex calls.

The VCM36-W Pro's high-quality pickup technology provides a full range of audio coverage for all conference room sizes.

The VCM36-W Pro is easy to use with a single pairing, with up to 24 hours of battery life in conference mode and 14 days of standby time. The VCM36-W Pro Wi-Fi microphone is equipped with a charging dock that allows you to charge the microphone wirelessly, and you can change its deployment position at any time while using it to suit your needs.

HD Hi-Fi Wi-Fi Microphone

Yealink Full Duplex Technology

3m-360° Voice Pickup Range

24 Hours Battery Life of Conference

WPA2, AES128 Encryption Technology

Dual-Band Wi-Fi Network Support

Key Features and Benefits

- HD Hi-Fi Wifi Microphone
- Yealink Full Duplex Technology
- Dual-band 2.4GHz/5GHz wireless networks
- 3m radius optimal voice pickup range
- 24 hours battery life of conference
- WPA2, AES128 Encryption Technology

Specifications

Specifications	Description
----------------	-------------

Microphone Features	• Optimal HD Audio • Yealink Full Duplex Technology • Yealink Acoustic Echo Canceling • Yealink Noise Proof Technology • 3m radius optimal voice pickup range • Muting the microphone with the touchpad • Can be used as an expansion microphone • Built-in 3840 mAh battery • Up to 24 hours of use time • Up to 14 days standby time • Frequency response: 100Hz to 20kHz
Wi-Fi	• Standard: 802.11 b/g/n/ac/ax • Frequency: 2.4GHz/5.1GHz/5.8GHz • Security: WPA-PSK/WPA2-PSK
Physical Features	• Dimension (WDH): • Microphone: 100 x 100 x 17 mm • Charge Cradle: 100 x 100 x 10 mm • N.W/CTN: 0.416kg • G.W/CTN: 0.487kg • Operating humidity: 10% - 90% • Storage temperature: 0°C - 40°C (+32°F - 104°F)
Package Contents	• VCM36-W Pro • VCM36-W Pro charging dock • Base adhesive • USB A-C Cable • Power adapter • Quick Start Guide

Charging LED Indicator

LED Status	Description
Solid red	Charging
Slowly flashing red	Low battery
Solid green	Charge complete
Off	Not charging

Mute LED Indicator

LED Status	Description
Off	In the idle state or powered off
Solid green	The audio can be picked up normally during the meeting
Solid red	Muted
Solid yellow	Not selected
Flash yellow	Pairing
Flash red	Downloading the upgrade package
Flash green	Incoming call

Mute/Unmute Microphone

1. Press the **Mute** button to mute the microphone. The mute LED indicator turns red.
2. Press the **Mute** button again to unmute the microphone.
3. When the device is in standby mode, the mute LED indicator is off.
4. When the device is on a call/in a meeting, the mute LED indicator turns green.
